

Memberships Overview

Through the Localotto.ie membership system, your supporters will be able to register themselves for membership to your club or organisation. They simply log on to your web site, to which we have linked the system, and choose the membership type that suits them, fill in the details that you need from them, choose a payment type (cheque, credit or debit card or cash) and complete the registration. You, the club, then get these details in your membership administration panel, and you can approve it and accept payment. Each member then also has their own on-line section to check all details on their own memberships.
